

TEMPORARY STORAGE CONTAINER GUIDE AND APPLICATION

APPLICATION CHECKLIST:

1. Completed **application form**.
2. **Only the owners of the property in question may request the permit.**
3. A **site plan** of the proposed area for storage container, indicating proposed location of said container and its distance from buildings or proposed buildings. The plan should also include identification of adjoining property owners, the location of fire hydrants, utilities, and indication of setbacks or easements. If the property is a business, then the location and number of parking spaces shall also be included in the plan.
4. \$50 fee.

PROCEDURE:

1. The Application should be filed at city hall. A completed application must be provided for the permit to be considered. See the application checklist above for a list of needed items to complete an application.
2. The administrative official will take into consideration the appearance of the container, visibility from the street, potential alternative locations for the container, efforts to minimize disturbances to adjoining properties, container size, safety, existence of possible zoning violations, and any other concerns related to health, safety, and welfare.
3. The administrative official shall approve, deny, or request additional information from the applicant within 72 hours of receipt of the completed application.
